

Additional Requirements for Day Students

• • •

Step 1:

Register with your Home School District

Please be sure to contact your home school district to notify them of your intent to enroll in a Non Public School. District registration is required to verify your student's enrollment in an academic program and to determine eligibility for transportation and/or books.

More information is provided below.

Step 2:

Transportation

You must request transportation from your home school district by **April 15th** to ensure transportation for the upcoming school year.

Each school district has a registration process and you must submit your request annually. Most school districts have their "Request for Transportation Application" on the school website. A copy of the Knox School acceptance letter will be needed upon requesting transportation. If you do not submit your request by the **April 15th** deadline, your child may not be granted transportation from your district for next year. If you have any questions or concerns, contact your home school district transportation office.

If you have any questions or concerns please contact your home school district transportation office. Additional transportation options are available for students who live in Suffolk County, outside of the home district limits at a cost of \$250/month. To request transportation through the Knox school bus or have additional questions about transportation, please contact Director of Transportation Debbie Argano at (631) 686-1600 ext. 441 or email <mailto:mdargano@knoxschool.org>.

Step 3:

BOCES Textbook Program (Suffolk County Residents only)

A "**Verification of District Residency to Request Textbooks**" form is available from your home school district. This form is required by the district to verify your child's attendance at a Non Public School and must be completed in order to receive your child's textbooks through the BOCES textbook lending program.
